PRESS RELEASE

10th July 2006

VaLUENTiS is pleased to announce the launch of a London Borough Consortium (with support from the Association of London Government) to evaluate human capital management practice in local councils. This project offers a number of London boroughs the benefit of utilising the VB-HR™ Rating internally to evaluate people management practice and to share benchmark data between the participants.

Chief Executive, Nicholas J Higgins, stated that, *"We are pleased that the Consortium has provided an opportunity to utilise the VB-HR™ Rating portfolio to evaluate people management practice across individual Boroughs. We feel that the VB-HR™ Rating is ideally suited to assisting public sector organisations with regards to the many measurement requests and challenges they face. The VB-HR™ Rating has attracted much interest and we look forward to announcing details of further consortia in the future."*

Further information on the VB-HR™ Rating can be found at www.vbhr.com.
